KILOTON MAINTENANCE AGREEMENT

The very best maintenance for top-level performance

The **Kiloton Maintenance Agreement (KMA)** is an agreement between the user and Kiloton, where Kiloton commits to providing maintenance services to the user by maintaining their High-Pressure Hydraulic Equipment.

Benefits:

- The full history of every unit will be documented
- Visual inspections are carried out every 3 to 6 months
- Annual load testing
- The misuse of equipment by operators is easily identified
- Certified safety training for all users
